

# Directions to 2015 OLPC-SF Summit

**Friday 5:00 PM 23 Oct 2015 through Sunday 5:00 PM.**

**Location: Main campus of S F State University, The Business Building, Suite 200.**

NOTE: This location is same as 2014 but NOT the same as in previous years, which were held at the Downtown Campus of SFSU. .

*By Airplane + BART + public transit* You can choose either San Francisco International Airport (SFO) or Oakland International Airport (OAK). Oakland is about 45 minutes longer to get to the SFSU campus than SFO. (If you are renting a car, follow instructions for ***By Auto from the South*** from SFO or ***By Auto from Oakland*** if from OAK.)

At either SFO or OAK, go to BART. Take any BART train in the direction of San Francisco.

Get off BART at Powell Station. Go up the escalator to transfer to MUNI. Exit BART with your ticket. Stay on the same level, at the top of the escalator, and look for the entrance to MUNI (very close but usually needs a different ticket). Once through the fare gate at MUNI, you will need to go down one flight. You want the side of the platform which is marked OUTBOUND. And the only train you want is the one marked: M-Ocean View.

That M train will go directly from Powell Station to SF State University in about one hour. About half way there, the train will emerge from the tunnel and become a street car traveling on tracks on the street. The cross street stop is Holloway Street. Exit the MUNI train at Holloway. You will be at the University campus. Look at the big campus map board for the close-by The Business Building. (Hopefully if you pre register you will have been sent a campus map).

***By Automobile from the South:*** Driving from Los Angeles or anywhere South, you should be heading to SF on either Interstate Rt 101 or Interstate Rt 280. (If you are driving up on I-5, you should follow the direction signs toward San Francisco, then follow these directions for ***By Auto from Oakland***.) If you are on 101, follow signs to get onto 280 North. Then follow signs for / Route 1 / Golden Gate Bridge / 19<sup>th</sup> Avenue. Keep to the left as the freeway traffic turns into street traffic; at that point you want 19<sup>th</sup> Ave. The SFSU campus will be on your left, and will come up very shortly once you are on the streets. Turn left, park where you can, and find the Business Building on the campus.

**By Automobile from the North:** As you cross into San Francisco on the Golden Gate Bridge, use the fare gates on the Right (you cannot pay a cash fare; just go through the gate and if you do not have a gadget to pay your fare, they will send you a bill to pay, no ticket or extra charges if you pay promptly.) Very shortly after the fare gates, veer Right onto the Doyle Drive / California Rt. 1 / 14<sup>th</sup> Ave / 19<sup>th</sup> Ave exit. That will put you on city streets, first 14<sup>th</sup> Ave, then a winding bit through Golden Gate Park, and then 19th Avenue. Do not turn, until about 5 miles, when SFSU will be on the right side of 19<sup>th</sup> Ave, at Holloway Ave. Turn right, park where you can, and find The Business Building on the campus.

**By Automobile from Oakland:** Cross the Bay Bridge and continue South through San Francisco. Take the I 280 split. Very shortly thereafter, take the exit marked Ocean Ave. Continue on Ocean to 19<sup>th</sup> Avenue. Turn Left on 19<sup>th</sup>, to the SFSU campus. The campus will be on the right side of 19<sup>th</sup> Ave, at Holloway. Turn right, park where you can, and find The Business Building on the campus.

### **Parking**

SFSU has parking on campus, please refer to their website <http://parking.sfsu.edu/>
